Work Experience

Swiftwin Technology | Associate

Mar'22 - Mar'24

- Worked on a site named **Janie and Jack**, it's an e commerce site.
- Developed **Custom Controllers** in a dedicated layer to handle complex business logic.
- Utilized **Form Framework** for creating and managing forms, implementing robust form validations through code.
- Engaged with the **Jobs Framework**, designing and developing custom Jobs tailored to client-specific needs.
- Customized various plugin cartridges including **Wishlist**, **Gift Card functionality**, etc.
- Used **Business Manager** for configuration management and other administrative tasks

Swiftwin Technology | Associate

Jul'22 - Nov'22

- I actively tested and evaluated client-reported issues, contributing to the refinement of the project.
- I held key roles as **Final Deployment QA** and **Deployment QA**, ensuring the seamless and reliable deployment of project.

Projects

Library Management – Firstbit Solutions

Sep'21- Feb'22

- Project is designed for maintaining and storing all the students' data available in the library.
- Involves user login and various functionalities for managing library data, including adding, editing, and updating records, enrolling books, tracking the quantity of books provided by the library, their prices, and saving all the data on the server.

Wixsite Platform

Nov'18 - Feb'19

- This [site](#) assists people who want to invest in the stock market but don't know how to start and which stocks to choose for investment.
- The site provides stock names directly with the right entry and exit parameters.
